THE COMMISSION'S MANDATE

The Manitoba Law Reform Commission is an independent law reform agency established by *The Law Reform Commission Act*. The Commission's duties are to inquire into and consider any matter relating to law in Manitoba with a view to making recommendations for the improvement, modernization and reform of law, including:

- the removal of provisions of the law that are outdated or inconsistent;
- the maintenance and improvement of the administration of justice;
- the review of judicial and quasi-judicial procedures under any Act;
- the development of new approaches to, and new concepts of, law in keeping with and responsive to the changing needs of society and of individual members of society; and
- any subject referred to it by the Minister.

MANDAT DE LA COMMISSION

La Commission de réforme du droit du Manitoba est un organisme indépendant du gouvernement du Manitoba, établi en vertu de la *Loi sur la Commission de réforme du droit*. La Commission a pour fonctions de faire enquête sur les questions se rapportant au droit manitobain et de les étudier en vue de faire des recommandations pour améliorer, moderniser et réformer le droit, et notamment en vue:

- de supprimer les dispositions du droit qui sont désuètes ou incompatibles;
- de soutenir et d'améliorer l'administration de la justice;
- d'examiner les procédures judiciaires et quasi-judiciaires prévues par une loi quelconque;
- d'élaborer de nouvelles méthodes et de nouveaux concepts de droit correspondant à l'évolution des besoins de la société et des individus qui la composent;
- de traiter tout autre sujet que le ministre lui soumet.

PART I

INTRODUCTION

The Manitoba Law Reform Commission is pleased to present its annual report for 2015-2016.

The Commission published three reports in 2015-2016. The first of these, entitled *Manitoba's Environmental Assessment and Licensing Regime under The Environment Act* (Report #130), was published in May 2015. This report is the final piece of the Commission's project, *Engaging Manitobans in Environmental Law*. This project also involved the publication of a Discussion Paper in January 2014 and a Consultation Report in January 2015. The Commission also published a report on *Improving Manitoba's Presumption of Death Act* (Report #131) in November 2015, which recommends an updated, comprehensive and more straightforward process for obtaining a declaration of presumption of death. In January 2016, the Commission published its third report in 2015-2016, entitled *Modernizing The Municipal Council Conflict of Interest Act: Accountability, Enforcement & Oversight* (Report #132). In this report, the Commission recommends changes to the remedial and enforcement provisions of *The Municipal Council Conflict of Interest Act* intended to improve, modernize and clarify the law.

Currently the Commission is involved in an access to justice project directed at improving access to courts and court processes. The Commission has also been working on a project respecting indefeasibility of title under *The Real Property Act* and its relationship to resulting and constructive trusts. An Issue Paper on this topic will be released in May 2016.

In September 2015, the Commission appointed two new Commissioners, the Honourable Madam Justice Lori T. Spivak of the Manitoba Court of Queen's Bench and Mr. Sacha Paul, partner at Thompson Dorfman Sweatman LLP. The Commission acknowledges the valuable contributions of its three outgoing Commissioners whose appointments ended in September 2015: the Honourable Gerald O. Jewers, appointed in 1985; the Honourable Mr. Justice Perry Schulman, appointed in 2007; and Professor John C. Irvine, the longest-serving Commissioner, appointed in 1984.

PART II

THE YEAR IN REVIEW April 1, 2015 to March 31, 2016

1. REPORTS ISSUED

The full text and executive summaries of all reports can be found on the Commission's website at www.manitobalawreform.ca.

A. Manitoba's Environmental Assessment and Licensing Regime under *The Environment Act* (Report #130)

On May 29, 2015, the Commission released its final report on *Manitoba's Environmental Assessment and Licensing Regime under The Environment Act*. The Commission's recommendations focus on improving the public's access to information, creating more opportunities for public participation and making the environmental assessment and licensing process more transparent. The report also provides an unprecedented review of the legal history of environmental assessment and licensing in Manitoba, intended to fill some of the information gaps in this area.

This report is a culmination of the Commission's work on its joint project with the Public Interest Law Centre, *Engaging Manitobans in Environmental Law*, funded by the Manitoba Law Foundation. The project goals are to produce a report with recommendations for change to Manitoba's environmental assessment and licensing regime, increase public engagement in environmental law issues and contribute to legal education in the area of environmental law. A Discussion Paper was released in January 2014, followed by a Consultation Report in January 2015. Through public engagement and consultation, the Commission met with industry groups, environmental non-governmental organizations, students, academics and other interested members of the public. Commission staff met with an advisory project committee and conducted consultation interviews with experts, practitioners, members of the public and industrial specialists in Manitoba and throughout Canada.

B. Improving Manitoba's *Presumption of Death Act* (Report #131)

On November 2, 2015, the Commission released its final report entitled *Improving Manitoba's Presumption of Death Act*. In this report, the Commission makes twelve recommendations for change to *The Presumption of Death Act*, which governs how and in what circumstances a

missing person may be presumed dead. The Act came into force in 1968 and has not been amended since that time. The recommendations are intended to result in an updated, comprehensive and more straightforward process for obtaining a declaration of presumption of death.

A consultation report was released in August 2015. The Commission provided a period of six weeks for individuals and organizations to submit feedback on the recommendations contained in the report. The Commission received responses from several organizations including insurance providers. All feedback was given careful consideration before the report was finalized.

C. Modernizing *The Municipal Council Conflict of Interest Act*: Accountability, Enforcement & Oversight (Report #132)

On January 13, 2016, the Commission released its report on the *Municipal Council Conflict of Interest Act*, which is the legislation that governs conflict of interest for municipal officials. In this report, the Commission recommends that the remedial provisions of the Act be amended so that judges are provided with a range of available remedies to impose when they are satisfied that there has been a contravention of the Act, rather than having recourse to the current all or nothing approach, in which the only remedy available is disqualification from office and a declaration that a councillor's seat is vacant. The Commission also recommends the establishment of a municipal Conflict of Interest Commissioner, who would carry out an advisory, investigatory and enforcement function. The Commission's recommendations are intended to improve, modernize and clarify the law with respect to enforcement and accountability under the Act.

The Commission chose not to release a consultation report for this project due to indications that the Legislative Assembly of Manitoba was planning to make changes to municipal conflict of interest legislation in the near future. The Commission felt it was important for its report to receive consideration by the Legislature and the public before any amendments to the Act or related acts of the Legislature were introduced. However, to date, no changes to the Act have been introduced.

2. IMPACT OF COMMISSION REPORTS

The Commission has recently developed a system for tracking the impact of past Commission reports. The results of this process suggest that Commission reports are impacting the law in a variety of ways rather than simply through legislative amendments. The Commission's publications have been the subject of commentary in legal journals, print and electronic media

and court and tribunal judgments. To date, the Commission has been cited in over one hundred judgments, including the Supreme Court of Canada in *A.C. v. Manitoba (Director of Child and Family Services)*, [2009] 2 S.C.R. 181; *Manitoba Métis Federation Inc. v. Canada (Attorney General)*, [2013] 1 S.C.R. 623; and most recently in *Stuart Olson Dominion Construction Ltd. v. Stuctal Heavy Steel*, [2015] 3 S.C.R. 127.

3. CURRENT PROJECTS

A. Access to Justice: Improving Access to Courts and Court Processes

As a follow up to its paper on *Access to Justice* (Issue Paper #1, 2012), the Commission is examining ways in which certain court processes can be made more accessible and affordable to Manitobans. The Commission is looking at three discrete topics: (1) waiver of court fees for indigent litigants; (2) increasing the monetary jurisdiction for small claims under *The Small Claims Practices Act* and (3) increasing the monetary limits under section 47(1) of *The Court of Queen's Bench Surrogate Practices Act*. The Commission expects to release consultation reports on these topics in the fall of 2016 with final reports to follow.

B. Indefeasibility of Title and Resulting and Constructive Trusts

The Commission will examine the law in Manitoba concerning the relationship between the indefeasibility of title sections in *The Real Property Act* and proprietary interests in land established by resulting and constructive trusts. The Commission will consider whether reform to *The Real Property Act* is required to fairly account for equitable interests in land.

Work on this project is underway. The Commission expects to release an issue paper on the topic in May 2016.

6. FUTURE PROJECTS

The following are projects that the Commission may consider to undertake.

A. Inquests under *The Fatality Inquiries Act*

The purpose of inquests is to understand the facts related to certain types of unexpected death and, in some cases, make recommendations to prevent similar deaths from occurring in the future. The conduct of inquests in Manitoba is governed by *The Fatality Inquiries Act*. Among other things, the Act determines under what circumstances an inquest is mandatory, who has the authority to call an inquest and who sets the scope of the inquest.

Several potentially problematic aspects of the Act have been identified, such as its effect on judicial resources, jurisdictional issues, time limits and provision for setting the scope of inquests to name a few. The Commission will consider what, if any, amendments to the Act may be required in order to improve the procedure for inquests in Manitoba.

B. Creating Efficiencies in the Law

Under the heading of “Creating Efficiencies in the Law”, the Commission has identified certain areas that might be made more efficient with relatively straightforward and minor adjustments. In its consultations with the legal profession and other organizations and members of the public, this list may be amended and added to in future.

i. The Beneficiary Designation Act

The Beneficiary Designation Act, (Retirement, Savings and Other Plans) was enacted pursuant to the Commission’s Report #73, *Statutory Designations and The Retirement Plan Beneficiaries Act*. The purpose of the Act is to provide for the creation of beneficiary designations under insurance and pension benefits legislation. The Commission will consider whether there may be a gap in the law such that a beneficiary designation will not automatically roll over in certain circumstances, such as when an insurance policy or investment plan is replaced or converted. Requiring the owner of or participant in a plan or policy to redesignate a beneficiary in such situations can prove particularly problematic when the owner or participant has become mentally incompetent since originally naming someone as his or her beneficiary and where decisions regarding the management of his or her affairs are being made by a substitute decision maker. The Commission will explore possible amendments to the Act in order to fill the legislative gap.

ii. The Powers of Attorney Act

The Powers of Attorney Act provides that an attorney may not renounce the appointment as attorney except with leave of the court, despite the fact that a donor may have anticipated this possibility by appointing a substitute attorney. The Commission will consider whether the Act should be amended to allow an attorney to renounce without judicial oversight where the donor has appointed a substitute attorney.

iii. The Expropriation Act

The Commission will examine two issues related to *The Expropriation Act*, namely reimbursement for consulting costs and injurious affection compensation, and will consider whether amendments are required in order to improve the expropriation process under the Act.

C. Environmental Rights Legislation

Environmental rights legislation has been enacted in several Canadian jurisdictions, with an increasing number of provinces and territories recognizing environmental rights and creating a legal framework to assert and enforce those rights. In Manitoba, *Bill 20, The Environmental Rights Act*, was introduced in March 2016, but died on the *Order Paper*. The Commission will explore environmental rights legislation in other jurisdictions and determine whether and in what form this type of legislation should be adopted in Manitoba.

The Commission welcomes comments and suggestions with respect to these subject areas and any other potential law reform projects.

PART III

ADMINISTRATION

1. THE COMMISSIONERS

The Manitoba Law Reform Commission is composed of five to seven members appointed by the Lieutenant Governor in Council. Section 3 of *The Law Reform Commission Act* requires that the Commission's membership include a judge of the Court of Queen's Bench; a full-time member of the Faculty of Law, University of Manitoba; a lawyer entitled to practice in Manitoba and not in the employ of the government; and a non-lawyer. The current members of the Commission and their terms of office are as follows:

Commissioner	Affiliation	Term expires
Cameron Harvey, Q.C.	Professor Emeritus, Faculty of Law University of Manitoba	September 29, 2018
Lori T. Spivak	Justice, Court of Queen's Bench	September 29, 2018
Jacqueline Collins	Practising Lawyer	September 29, 2018
Michelle Gallant	Professor, Faculty of Law University of Manitoba	September 29, 2018
Sacha Paul	Practising Lawyer	September 29, 2018
Myrna Phillips	Lay Member	September 29, 2018

Please see the Commission's website at www.manitobalawreform.ca for more information about the Commissioners.

The Commission held eight regular meetings during the 2015-2016 fiscal year.

2. STAFF

Elizabeth McCandless has continued in her role as legal counsel for the Commission. In December 2015 her position became director/legal counsel to better reflect her

responsibilities. Legal counsel Heather Fast resigned from the Commission in May 2015 at the conclusion of the *Engaging Manitobans in Environmental Law* project for which she was primary researcher. In July 2015, the Commission was fortunate to acquire Jennifer Bird who has assumed a part-time legal counsel position.

3. FINANCE

The Manitoba Law Foundation provides a yearly grant of \$100,000 to the Commission. Unlike the previous eight years, the Manitoba Law Foundation was unable to provide an additional \$20,000 which would have increased the grant to \$120,000. The Law Foundation has advised the Commission that, due to shortfalls in its own funding, further cuts to the Commission's grant in future years may be necessary. The Department of Justice continues to provide a total grant of \$100,000 consisting of in-kind services valued at \$15,000 and a monetary grant of \$85,000.

The Commission wishes to thank both the Department of Justice and the Manitoba Law Foundation for their continued support of its work.

4. EXTERNAL RELATIONS AND ACTIVITIES

In 2015-2016, the Commission continued its efforts to improve its accessibility and visibility within the community and to liaise with other law reform agencies.

The Commission initiated two projects with law students from the Faculty of Law, University of Manitoba. The Commission established a student internship program, where law students gain practical skills by working at the Commission one day per week on Commission matters under the supervision of Commission staff while earning credit toward their law degree. In 2015-2016, the Commission saw two students successfully complete this internship program. The Commission also engaged in a project with five first-year law students through the Faculty's Pro Bono Students Canada program. Under the supervision of Commission staff, these students conducted a project studying the impact of past Commission reports.

The Commission is a member of the Federation of Law Reform Agencies of Canada and of the Commonwealth Association of Law Reform Agencies. In October 2015, Commission staff attended a three-day Federation of Law Reform Agencies of Canada (FOLRAC) Symposium in Halifax, Nova Scotia where Commission staff liaised with members of law reform agencies from British Columbia, Alberta, Saskatchewan and Nova Scotia to share ideas and learn from their experience. Commission staff continues to

communicate with FOLRAC members through quarterly teleconferences.

In April 2015, Commission staff participated in the Manitoba Bar Association's Law Day where staff had the opportunity to share the Commission's work with members of the public and gain insight into possible future areas of law reform.

Former Commissioner Hon. Gerald Jewers acts as the Commission's representative with the Access to Justice Stakeholders Committee, created by the Law Society of Manitoba in 2011. Representatives of government, the courts, the practicing bar and legal aid bodies are also included in the Committee. The purpose of the Committee is to share ideas, information and best practices and to coordinate efforts in the area of access to justice. The Committee was able to suggest to the Commission the issues which form the Commission's current Access to Justice project.

The Commission recognizes the importance of community outreach in maintaining the relevance and quality of law reform initiatives in Manitoba. In the past, the Commission worked closely with project committees for the *Environment Act* project and the *Highway Traffic Act* project. Through its project, *Engaging Manitobans in Environmental Law*, the Commission has had the opportunity to meet with industry groups, environmental non-governmental organizations, students, academics, and other interested members of the public.

PART IV

CONCLUSION

The Commission again wishes to express its thanks to the Manitoba Law Foundation and to the Department of Justice for their continued support.

Thanks also to the staff of the Department of Justice, the Faculty of Law, Provincial Archives and Legislative libraries for their continued assistance over the past year.

The Commission is grateful for the assistance of Ms. Lavonne Ross with Civil Legal Services and former Deputy Minister, Ms. Donna Miller Q.C., in providing a liaison between the Commission and the Minister. Finally, the Commission thanks the Minister of Justice and Attorney General, the Hon. Gord Mackintosh.

This is a report pursuant to Section 15 of *The Law Reform Commission Act*, C.C.S.M. L95, dated this 31st day of March 2016.
