# PART I

## INTRODUCTION

The Manitoba Law Reform Commission is pleased to present its annual report for 2017-2018.

The Commission published one final report and two consultation reports in 2017-2018. The Final Report, entitled *Updating the Administration of Small Estates* (Report #135), was published on March 20, 2018. This project involved the publication of a consultation report in September 2017. This report is the second in a series of reports on *Access to Courts and Court Processes*, which involves finding legislative solutions to the access to justice problem in specific areas enabling Manitobans to have their legal matters dealt with in a more timely and affordable way whilst reducing the strain on the court system.

On January 26, 2018, the Commission released its consultation paper titled *The Expropriation Act*. On February 8, 2018, the Commission released its second consultation paper titled *The Builders' Liens Act: A Modernized Approach*.

The Commission continues to find new ways to engage with the public and legal community, to not only consult on areas of law reform and ensure that its recommendations are practical and sensible, but also to provide public legal education on selected topics.

For a law reform agency of its size, the Commission maximizes its resources to produce meaningful publications every year that are meant to improve and modernize the laws of Manitoba and contribute to the conversation surrounding important issues affecting Manitobans.

## **PART II**

### **THE YEAR IN REVIEW April 1, 2017 to March 31, 2018**

#### **1. REPORTS ISSUED**

The full text and executive summaries of all reports can be found on the Commission's website at [www.manitobalawreform.ca](http://www.manitobalawreform.ca).

##### **A. Updating the Administration of Small Estates (Report #135)**

On March 20, 2018, the Commission released its final report on *Updating the Administration of Small Estates*. Currently, *The Court of Queen's Bench Surrogate Practices Act*, the Act governing the administration of estates in Manitoba, provides for a simplified process for estates falling under the monetary jurisdiction to be administered in a less onerous and more cost efficient way. This simplified process, known as the summary administration of small estates, applies to estates valued at \$10,000 or less. The Commission recommends that the monetary jurisdiction for the summary administration process be increased to reflect the rising value of estates in the province since the Act was last amended. The Commission also makes recommendations on the disclosure of assets requirement under the summary administration process, which, if implemented, would clarify the process. Finally, the Commission proposes a residency requirement for administrators under the summary administration rule. In making its recommendations, the Commission seeks to strike a balance between the goals of accessibility, efficiency and affordability and ensuring the legal protection of estates from mismanagement and fraud.

The Commission released a consultation report in September 2017 and heard from legal practitioners, other interested groups, and members of the public. The feedback the Commission received helped to inform the final recommendations.

This report forms part of a series of reports entitled *Access to Courts and Court Processes*, which identifies specific legislative amendments that can be made to improve access to court processes and promote the efficient administration of justice in Manitoba.

#### **2. IMPACT OF COMMISSION REPORTS**

The Commission has developed a system for tracking the impact of past Commission reports. The results of this process demonstrate that Commission reports are impacting the law in a variety of ways rather than simply through legislative amendments. The Commission's publications have

been the subject of commentary in legal journals, print and electronic media and court and tribunal judgments.

To date, the Commission has been cited in over one hundred judgments, including the Supreme Court of Canada's judgments in *A.C. v. Manitoba (Director of Child and Family Services)*, [2009] 2 S.C.R. 181; *Manitoba Métis Federation Inc. v. Canada (Attorney General)*, [2013] 1 S.C.R. 623; and most recently in *Stuart Olson Dominion Construction Ltd. v. Stuctal Heavy Steel*, [2015] 3 S.C.R. 127. In the first five months of 2018 alone, the Manitoba Court of Queen's Bench has cited reports of the Commission at least three times in judgments.<sup>1</sup>

Recently, the reports of the Commission became more easily accessible to the general public when they were added to the searchable online database of the Canadian Legal Information Institute (CanLII) to be accessed free of charge.

The Commission continues to urge the Minister of Justice to implement the outstanding recommendations of the Commission, many of which would lead to efficiencies in the administration of justice. The Commission's reports undergo a consultation process before final reports are released, so that legal practitioners and interested individuals and groups have the opportunity to provide feedback on the recommendations contained therein. This process ensures the recommendations are meaningful, practical and their implementation would improve the laws of Manitoba.

### **3. REVIEW OF PRIOR REPORTS AND RECOMMENDATIONS**

In the fall of 2017, the Commission performed a review of its previously published reports and their recommendations to identify legislative reforms previously recommended by the Commission that remained appropriate but had not yet been implemented. A list of these recommendations was provided to the Minister of Justice and Attorney General for further consideration.

### **4. CURRENT PROJECTS**

#### **A. Construction Law**

The Commission is currently engaged in an extensive and comprehensive review of *The Builders' Liens Act* of Manitoba. The last major update to this legislation took place in the early 1980s, prompted by the Commission's 1979 Report #32, *Mechanics' Liens Legislation in Manitoba*. While the construction industry continues to evolve, it appears that the laws governing the industry have fallen out of step with the practical realities of the industry. The Commission has undertaken

<sup>1</sup> *McGregor et al. v. Krall*, 2018 MBQB 7; *Siwak v. Siwak*, 2018 MBQB 9; *American Piledriving Equipment, Inc. v. Manitoba Hydro*, 2018 MBQB 27.

a broad study of this area in order to make recommendations to improve, modernize and clarify the legislation in consultation with stakeholders and experts.

The Commission has retained a consultant, Ms. Betty Johnstone, with over 30 years experience in construction law to assist it with this project. On February 8, 2018, the Commission released a consultation paper titled *The Builders' Liens Act: A Modernized Approach*. Following the release of this paper, the Commission has engaged lawyers, industry stakeholders, and other relevant individuals and organizations in its consultation process and anticipates the release of its Final Report in the fall of 2018.

## **B. Creating Efficiencies in the Law**

Under the heading of *Creating Efficiencies in the Law*, the Commission has identified certain areas that might be made more efficient with relatively straightforward and minor adjustments.

### **i. *The Beneficiary Designation Act***

*The Beneficiary Designation Act, (Retirement, Savings and Other Plans)* was enacted pursuant to the Commission's Report #73, *Statutory Designations and The Retirement Plan Beneficiaries Act*. The purpose of the Act is to provide for the creation of beneficiary designations under insurance and pension benefits legislation. The Commission is considering a number of issues, the most significant of which is whether there is a gap in the law such that a beneficiary designation will not automatically roll over in certain circumstances, such as when an insurance policy or investment plan is replaced or converted. Requiring the owner of or participant in a plan or policy to redesignate a beneficiary in such situations can prove particularly problematic when the owner or participant has become mentally incompetent since originally naming someone as his or her beneficiary and where decisions regarding the management of his or her affairs are being made by a substitute decision maker.

The Commission released its consultation paper titled *The Beneficiary Designation Act (Retirement, Savings and Other Plans)* on April 10, 2018.

### **ii. *The Expropriation Act***

The Commission is conducting an examination of two issues related to *The Expropriation Act*, namely reimbursement for consulting costs and injurious affection compensation, and will consider whether amendments are required in order to improve the expropriation process under the Act.

A consultation paper was released to the public and legal profession on January 26, 2018 and the Commission is now analyzing the responses received.

## 5. FUTURE PROJECTS

The Commission follows a formal procedure for selecting topics that are appropriate for law reform projects based on a set of project selection criteria and the Commission's mandate to inquire into and consider any matter relating to law in Manitoba with a view to making recommendations for the improvement, modernization and reform of law.

The following are projects that the Commission may consider to undertake.

### A. Access to Courts and Court Processes: Electronic Witnessing of Documents

*The Manitoba Evidence Act* requires that a number of court documents require the administration of an oath, affirmation or statutory declaration. These documents must be executed in accordance with statutory requirements including the requirement that the oath, affirmation or statutory declaration must be taken in the presence of the person qualified to administer it. The Commission will study whether the statutory requirement that oaths, affirmations and statutory declarations must be taken in the presence of the person authorized to take them unduly burdens a litigant residing in a remote or northern community in Manitoba. The Commission will also consider whether changes to *The Manitoba Evidence Act* could eliminate that burden while still maintaining the protections currently afforded under the Act.

### B. Review of Manitoba's Wills and Succession Statutes

In March 2003, the Commission released Report #108, *Wills and Succession Legislation*. Since that time, societal and legal changes have warranted another review of Manitoba's wills and succession legislation.

### C. Creating Efficiencies in the Law

The Commission will continue to address relatively straightforward legislative solutions in discrete projects in its series on *Creating Efficiencies in the Law*. In its consultations with the legal profession and other organizations and members of the public, the list of project will be added to in the future.

**The Commission welcomes comments and suggestions with respect to these subject areas and any other potential law reform projects.**

## PART III

The Commission held eight regular meetings during the 2017-2018 fiscal year.

#### 2. STAFF

The Commission's director and legal counsel Elizabeth McCandless served in her role from April 1- June 30, 2017. She will be resuming her position in fall 2018. Kristal Bayes served as legal counsel for the Commission from July 1, 2017 until the present. Linda Manson has served as the Commission's administrator.

### **3. FINANCE**

The Manitoba Law Foundation has provided an annual grant of \$87,000 to the Commission. The amount of the grant provided by The Law Foundation fluctuates from year to year and the Commission has been advised in the past that, due to shortfalls in its own funding, cuts to the Commission's grant in future years may be necessary. The Department of Justice continues to provide a total grant of \$100,000 consisting of in-kind services valued at \$15,000 and a monetary grant of \$85,000.

The Commission wishes to thank both the Department of Justice and the Manitoba Law Foundation for their continued support of its work.

### **4. EXTERNAL RELATIONS AND ACTIVITIES**

In 2017-2018, the Commission increased its accessibility and visibility within the community through public legal education and consultation.

The Commission recognizes that it is well-situated to provide educational opportunities for law students. For the third year, the Commission established a student internship program with the Faculty of Law at the University of Manitoba. Through the internship, law students gained practical skills by working at the Commission office one day per week on law reform matters under the supervision of Commission staff while earning credit toward their law degree. In 2017-2018, the Commission saw two students successfully complete the internship program. The Commission also engaged in a project with four first and second-year law students through the Faculty's Pro Bono Students Canada program. Commission staff created a project that was tailored to suit the educational needs of the students and provided supervision and feedback along the way. During the summer months of 2017, the Commission also participated in the externship program of the University of North Dakota Faculty of Law. Through this program, one Manitoban student who had completed the first year of her law degree volunteered in the Commission office gaining valuable skills and assisting Commission staff with legal research.

The Commission recognizes the importance of community outreach in maintaining the relevance and quality of law reform initiatives while contributing to legal education in Manitoba. In 2017-2018, the Commission participated in a number of presentations to further legal education and professional development. On April 9, 2017, Commission staff participated in the Manitoba Bar Association's Law Day at the Winnipeg Courthouse, providing information to the public on Commission activities and the role that the Commission plays in law reform. On January 19, 2018, the Commission conducted a seminar at the Manitoba Bar Association's 2018 Mid-Winter Conference on selected law reform topics. Finally, on March 27, 2018, Commission staff participated in a Continuing Professional Development Session on law reform and public consultation at the Manitoba

Bar Association's Legal Research Section event. The Commission has a number of seminars planned with the legal profession in the upcoming year and continues to seek out opportunities to engage with members of the profession and the public on law reform initiatives.

The Commission remains dedicated to improving its outreach to the public. In 2017-2018, the Commission continued to utilize online surveys on appropriate projects. For the duration of the consultation process on *Updating the Administration of Small Estates*, the Commission made available a free, anonymous, and plain language online survey in order to reach as many interested persons as possible, recognizing that a project on the process for administering small estates directly impacts many Manitobans that do not necessarily engage with the Commission's reports and materials. The Commission considered the response rate to be satisfactory, and will continue to use online survey tools where appropriate.

The Commission is a member of the Federation of Law Reform Agencies of Canada (FOLRAC) and the Commonwealth Association of Law Reform Agencies. Commission staff share ideas and learn from the experience of other FOLRAC members through regular teleconferences.

Former Commissioner Hon. Gerald Jewers acts as the Commission's representative with the Access to Justice Stakeholders Committee, created by the Law Society of Manitoba in 2011. Representatives of government, the courts, the practicing bar and legal aid bodies are also included in the Committee. The purpose of the Committee is to share ideas, information and best practices and to coordinate efforts in the area of access to justice. The Committee was able to suggest to the Commission the issues which form the Commission's current *Access to Courts and Court Processes* project.

## **PART IV**

### **CONCLUSION**

The Commission again wishes to express its gratitude to the Manitoba Law Foundation and to the Department of Justice for their continued support.

Thank you also to the staff of the Department of Justice, the Faculty of Law, Provincial Archives and Legislative libraries for their continued assistance over the past year.

The Commission is grateful for the assistance of Ms. Lavonne Ross with Civil Legal Services in providing a liaison between the Commission and the Minister. Finally, the Commission thanks the Minister of Justice and Attorney General, the Hon. Heather Stefanson.
