PART I

INTRODUCTION

The Manitoba Law Reform Commission (the “Commission”) is pleased to present its Annual Report for 2022-2023.

This year marks the 52nd year of the Commission’s existence. While small in number of Commissioners, staff, and budget compared to many of the law reform agencies in other jurisdictions, the Commission continues to strive towards excellence in fulfilling its mandate and batting above its weight.

On August 10, 2022, the Government of Manitoba appointed seven new Commissioners by way of Order in Council. Pursuant to its enabling legislation, *The Law Reform Commission Act*, CCSM c L-95, the Commission includes: a judge of the Court of King’s Bench, a full-time member of the Faculty of Law of the University of Manitoba, a barrister and solicitor entitled to practice in the province (not in the employ of the Government of Manitoba) and a non-lawyer. Current Commissioners include: Madam Justice Jennifer Pfuetzner, Manitoba Court of Appeal; Madam Justice Shawn Greenberg, Manitoba Court of King’s Bench; lawyers Janesca Kydd and Marc Marion, and faculty members of the University of Manitoba, Faculty of Law, Dr. Mary Shariff and Dr. Laura Reimer. The Commission’s President is lawyer Grant Driedger.

The Commission wishes to express its gratitude for the outgoing members of its Board including: Cameron Harvey, Q.C., Jaqueline Collins, Dr. Michelle Gallant, Sacha Paul and Myrna Phillips. These five Commissioners served a combined 49 years on the Commission Board. The Commission would particularly like to acknowledge the 16 years of service of Mr. Harvey as Board President.

Law reform agencies play an important role when it comes to effecting change in the law. As noted by the Commission in a previous report:

Law Reform Commissions were established in Manitoba and elsewhere in recognition of the fact that common law and statute law have traditionally been unable to keep up fully with ever-changing social conditions. [...] Courts are only able to effect changes in the law as and when cases in troublesome areas happen to come before them; legislatures are inevitably occupied with issues having greater political interest.¹

¹ Manitoba Law Reform Commission, *Report on the Manitoba Law Reform Commission: Framework for the Future* (Report #70, 1988) at 1.

Law reform agencies are uniquely positioned to provide non-partisan advice, arms-length from the government or economic interests. The Commission strives to perform its statutory duties with expertise, objectivity, and continuity.

Since its inception in 1970, the Commission has issued 144 final reports and 45 informal reports and issue papers. Many of the Commission's recommendations have been implemented in legislation, while others have been cited in judgments, scholarly journal articles and reports from other law reform agencies.

The Commission published two final reports in 2022-2023: *The Law of Partition and Sale* (Report #143) and *The Parents' Maintenance Act* (Report #144). It also published two consultation papers. Several of the Commission's projects will continue into the 2023-2024 year. Additionally, the incoming Commission board has also selected several new projects to commence in the upcoming year.

In keeping with its mandate, the Commission makes recommendations that improve, clarify and update the laws of Manitoba. The Commission is always looking to find new ways to engage with the public and legal community, to not only consult on areas of law reform and ensure that its recommendations are practical and sensible, but also to provide public legal education on selected topics.

For a law reform agency of its size, the Commission maximizes its resources to produce meaningful publications every year and contribute to the conversation surrounding important issues affecting Manitobans.

PART II

THE YEAR IN REVIEW April 1, 2022 to March 31, 2023

1. FINAL REPORTS ISSUED

The full text and executive summaries of all reports can be found on the Commission's website: www.manitobalawreform.ca.

A. Law of Partition and Sale (Final Report #143)

On August 8, 2022, the Commission released its 143rd Final Report, *Law of Partition and Sale*. In this report, the Commission considered whether the relevant sections of *The Law of Property Act* as well as Rule 66 of the Court of King's Bench Rules provide adequate direction on partition and sale of land in Manitoba or whether reform is necessary. In considering the matter, the Commission examines the current statute law and rules of court in other jurisdictions as well as the jurisprudence in Manitoba.

Ultimately, the Commission makes 22 recommendations that, if implemented, would modernize the current legislative scheme and would improve the process for co-owners seeking an order of either partition or sale of co-owned property. The Commission recommends that the Act should broadly define the class of persons who may bring an application for partition or sale as joint tenants and tenants in common of an estate or interest in land but should exclude from the class certain co-owners. It also recommends that the relevant sections of the Act be amended to expressly apply to estates and interests that are solely legal or equitable as well as to estates and interests that are both legal and equitable in nature. Additionally, the Commission recommends that the statutory law should provide clearer guidance on the information required in a notice of application for partition and sale and that it should be amended to reflect a societal shift resulting in a preference for orders of sale over partition. Finally, the Commission recommends that the terminology used in the Act should be modernized. Ultimately, it is the Commission's position that these recommended changes to the Act and to Court of King's Bench Rule 66 will clarify processes and ultimately enhance administration of justice in Manitoba.

B. The Parents' Maintenance Act (Final Report #144)

On March 21, 2023, the Commission released its 144th Final Report, *The Parents' Maintenance Act*. In this report, the Commission reviewed the statute, which creates a statutory obligation for adult children to provide financial support to their dependent parents if, due to age, disease or infirmity, a parent is unable to maintain themselves financially. The statute was first enacted in 1933 and has remained largely unchanged for the past 90 years.

The Commission published a consultation paper in May 2022. Based on the feedback received, the fact that claims have been rare and given that other Canadian provinces have repealed their parents' maintenance laws in recent years, the Commission has concluded that *The Parents' Maintenance Act* ought to be repealed in its entirety. The Commission concluded that the disproportionate cost of obtaining relief through the court process and societal changes to the social welfare system and the familial unit have made parents' maintenance laws obsolete.

2. CURRENT PROJECTS

A. Non-Disclosure Agreements

On June 2nd, 2022, the Minister of Justice and Attorney General of Manitoba requested that the Commission undertake a review of the use of non-disclosure agreements ("NDAs") in the settlement of claims of harassment and abuse, and consider whether there is a need to reform the law on the use of NDAs in this context.

An NDA is a contractual agreement between parties in which a person agrees to keep certain information confidential in return for a benefit. NDAs are regularly used to prevent the sharing of information pertaining to a wide variety of workplace experiences by employees, and have also become commonplace in the settlement of civil lawsuits

The Commission released a consultation paper on December 15, 2022 inviting readers to provide feedback on thirteen issues for discussion. The consultation period closed on February 24, 2023 with significant feedback received from the legal profession, academics, agencies, advocates and parties to NDAs.

This project includes an examination of the current legal environment whereby NDAs are being used in the settlement of claims of misconduct. Additionally, the Commission is examining recent legislative reforms in other jurisdictions including the enactment of the *Non-Disclosure Agreements Act* of Prince Edward Island in March 2022 and the introduction of Private Members Bills 225 and 215 in Manitoba. The Commission also considers similar legislation that has been proposed or enacted elsewhere in Canada and around the world in recent years.

In making recommendations, the Commission will consider the recently enacted and proposed legislation as well as the feedback received during its consultation process. It is anticipated that a final report will be released in mid-2023.

B. Administrative Law Project: The Law of Judicial Review

The Commission continues its review of legislation governing administrative tribunals. This project was originally considered by the Commission in 2013 to assess whether Manitoba ought to enact provincial legislation governing the procedural rights of individuals in tribunal

proceedings. The Commission placed the project on hold for a number of years, but has now decided to revisit the issue in light of recent legislative initiatives in other Canadian jurisdictions in the area of administrative justice reform.

The Commission has formed a project advisory committee composed of lawyers, academics and former judges with significant expertise in this area of the law. Given the scope of this project, the Commission has determined that it will divide the project into a series of reports, each dealing with a separate administrative law issue. The Commission expects the work of the project advisory committee to continue in 2023 and for a first consultation paper on the topic of judicial review of administrative tribunal decisions to be released in 2023.

C. Elder Abuse and Neglect

In 2021, the Commission commenced a review of the legal landscape of elder abuse and neglect in Manitoba to consider whether the relevant laws, policies, and systems that are currently in place are sufficient to address the abuse and neglect of older adults living in the community in the province (i.e. those not living in an institutionalized setting such as a personal care home). An elder abuse project advisory committee of experts and community leaders was formed to help steer the project and ensure that the Commission's recommendations are practical and meaningful for older adults living in the community.

In June 2021, the Commission released a consultation paper on this topic providing a review of the current legal landscape for older adults living in the community. The feedback received in response to the consultation paper enabled the Commission to identify several specific areas for further examination. Currently, the new Commissioners are considering how they wish to proceed with this review.

D. Anti-SLAPP Legislation

The acronym SLAPP stands for "Strategic Lawsuits Against Public Participation". SLAPPs are often initiated by wealthier, more powerful litigants against individuals or groups in order to intimidate or coerce them into expensive legal proceedings, and silence their participation in public debate. SLAPPs are often launched despite having no (or very little) chance of success with the purpose of exhausting the resources of critics. Anti-SLAPP legislation provides a remedy to SLAPPs. It establishes procedures that allow courts to strike out SLAPPs at the outset and allow defendants to recuperate costs if certain criteria are met. Several Canadian jurisdictions have established Anti-SLAPP legislation.

The Commission has commenced some preliminary research on this topic and commenced early pre-consultations. Work on this project will intensify in 2023-24.

E. Access to Justice and the Recent Advancements in Court Technologies Arising from the Pandemic Project

In 2022-23, the Commission received targeted funding from the Manitoba Law Foundation through its Project Grant funding initiative to review the enhanced use of technology by the Manitoba courts during the COVID-19 pandemic. The specific focus of this project was the impact of these changes on access to justice for Manitobans, particularly Manitobans residing in remote and rural communities attempting to navigate the legal system. After conducting a review of the literature and considering the procedural changes made to the courts, the Commission determined that such a review was no longer timely and that any recommendations to come from such a review were outside of the mandate of the Commission. Therefore, this project was discontinued and additional funding installments were not received. Research conducted by Commission staff will be shared with other organizations working to improve access to justice in Manitoba.

3. FUTURE PROJECTS

The Commission follows a formal procedure for selecting topics that are appropriate for law reform projects based on a set of project selection criteria and the Commission's mandate. Where the Commission has capacity to take on new projects in addition to those that are ongoing, new projects are typically chosen in May or June. However, given the number of projects carried forward from previous years and the replacement of the entire Commission board in August 2022, Commissioners selected several new projects in December 2022.

A. *The Trustee Act* Project

In 2023, the Commission will be commencing a large-scale review of *The Trustee Act* of Manitoba. Recent developments in estate planning and succession law have made reform of statutory trust law necessary. As part of its review, the Commission will consider whether Manitoba ought to adopt several proposed Acts of the Uniform Law Conference of Canada and, if so, whether variations would be necessary based on Manitoba's jurisprudence and policies. Additionally, the Commission will consider recent reforms of trust legislation in other jurisdictions.

The Commission will commence its work on a consultation paper in the 2023-24 year.

B. Creating Efficiencies in the Law: Various Discrete Provisions

The traditional project undertaken by the Commission involves extensive research and thorough consultation, which ultimately leads to a formal final report containing analysis of the issues and recommendations for law reform. There are, however, a number of provincial Acts requiring obvious and non-controversial amendments to discrete provisions in order to modernize the law and keep up with societal and economic realities. Therefore, along with its more extensive projects, the Commission will undertake a review of specific statutory provisions meeting the

aforementioned criteria and produce a series of brief informal reports incorporating recommendations for reform of these discrete statutory provisions.

4. IMPACT OF COMMISSION REPORTS

The Commission is encouraged by recent legislative actions proposing or enacting recommendations contained in its past reports.

On June 1, 2022, Bill 19- *The Beneficiary Designation Amendment Act* passed third reading. A number of the amendments contained in this piece of legislation were recommended by the Commission in its Report #138 released in 2019. If enacted, the proposed legislation would amend *The Beneficiary Designation Act (Retirement, Saving and Other Plans)* to allow authorized substitute decision-makers to maintain an original beneficiary designation when a plan is changed, converted or moved to a new financial institution.

Additionally, *The Family Law Act* was assented to on June 1, 2022. The legislation addressed a number of the issues raised in the Commission's 2014 Issue Paper, *Assisted Reproduction: Legal Parentage and Birth Registration*. The legislation establishes new rules respecting the parentage of children conceived through assisted reproduction acknowledging the increasing role of assisted reproduction in parentage.

Finally, the Commission notes that Bill 38- *The Builders' Liens Amendment Act (Prompt Payment)* aims to enact some of the recommendations for reform of *The Builders' Liens Act* contained in Report #136 released in 2018. The Commission encourages the Province of Manitoba to move forward with legislative reform in this complex and highly outdated area of the law.

The Commission continues to urge the Minister of Justice to implement other outstanding recommendations of the Commission, many of which would lead to efficiencies in the administration of justice. The Commission's reports undergo a consultation process before final reports are released, so that legal practitioners and interested individuals and groups have the opportunity to provide feedback on the recommendations contained therein. This process ensures the recommendations are meaningful and practical, and that their implementation would improve the laws of Manitoba.

Commission reports not only impact the law through legislative amendments; the Commission's publications have been the subject of commentary in legal journals, print and electronic media, and court and tribunal judgments. The Commission has been cited in over 150 judgments, including the Supreme Court of Canada's judgments in *A.C. v. Manitoba (Director of Child and Family Services)*, [2009] 2 SCR 181; *Manitoba Métis Federation Inc. v. Canada (Attorney General)*, [2013] 1 SCR 623; and *Olson Dominion Construction Ltd. v. Structural Heavy Steel*, [2015] 3 SCR 127. Most recently, Final Report #128, *Contributory Fault: The Tortfeasors and*

Contributory Negligence Act was cited by the Manitoba Court of Appeal in *Urbanmine Inc. et al v ELG Metals Inc.*, 2022 MBCA 5; Report #102- *Informal Assessment of Competence in McLeod Estate v Cole et al*, 2022 MBCA 73; and Report #72- *Report on the Independence of Provincial Judges* in *R v Siwicki*, 2022 MBCA 53. Reference has also been made to the Commissions reports by courts of other jurisdictions including the reference of the Alberta Court of King's Bench to Report #39- *Controverted Elections* in *Anglin v Resler*, 2022 ABQB 47.

PART III

ADMINISTRATION

1. THE COMMISSIONERS

The Manitoba Law Reform Commission is composed of five to seven members appointed by the Lieutenant Governor in Council. Section 3 of *The Law Reform Commission Act* requires that the Commission's membership include a judge of the Court of King's Bench; a full-time member of the Faculty of Law, University of Manitoba; a lawyer entitled to practice in Manitoba and not in the employ of the government; and a non-lawyer. The current members of the Commission and their terms of office are as follows:

Dr. Laura Reimer	Non-lawyer, Faculty of Law University of Manitoba	August 9, 2025
Dr. Mary Shariff	Professor, Faculty of Law University of Manitoba	August 9, 2024

The Commission held 8 regular meetings during the 2022-2023 fiscal year.

2. STAFF

The Commission is staffed by Kristal Bayes-McDonald, director and legal counsel and Stefanie Steigerwald, legal counsel. The Commission's administrator position was filled by Linda Manson until her retirement in April 2022 and Valerie Webster until October 31, 2023. The position remained vacant for the remainder of the fiscal year.

3. FINANCE

The Manitoba Law Foundation provided an annual core grant of \$115,000 to the Commission for the 2022-2023 fiscal year and an additional \$15,000 in special project funding for the Commission's Access to Justice project. Manitoba Justice continued to provide a total grant of \$100,000 consisting of in-kind services valued at \$15,000 and a monetary grant of \$85,000.

The Commission wishes to thank both Manitoba Justice and the Manitoba Law Foundation for their continued support of its work.

4. EXTERNAL RELATIONS AND ACTIVITIES

In 2022-2023, the Commission continued to work with other organizations in the community through public legal education and consultation.

The Commission is well-situated to provide educational opportunities for law students. In 2020-2021, the Commission established an externship program through the University of Manitoba, Faculty of Law. This 12-credit hour externship replaced the former 3-credit hour internship program. This past year, third-year law student Megan Filyk gained practical skills by working on law reform matters under the supervision of Commission staff while earning credit toward her law degree. The externship provides an immersive experience for the students, while providing the Commission with valuable research contributions to law reform projects.

Additionally, the Commission engaged in a project with law students through the Faculty of Law's Pro Bono Students Canada (PBSC) program. Commission staff created a project that was tailored to suit the educational needs of the students and provided supervision and feedback along the way. This past year, students assisted the Commission in creating plain language documents to be made available on its recently released reports in order to increase accessibility of the legal information contained in its reports to the public at large. These documents will be published on the Commission's website alongside its regular reports in the 2023-24 fiscal year.

The Commission recognizes the importance of community outreach and engagement with the legal profession to ensure the relevance and quality of law reform initiatives while contributing to legal education in Manitoba. On January 23 2023, Commission staff presented to various sections of the Manitoba Bar Association on its non-disclosure agreements project. On January 20, 2023, the Commission presented at the Manitoba Bar Association's 2023 Mid-Winter Conference on selected law reform topics. The Commission will continue to connect with the legal profession in 2023-2024 by delivering webinars as a means to provide legal education on law reform topics and to engage with

members of the profession and the public on law reform initiatives. The Commission looks forward to the return of a number of community events following the pandemic in the next year including the return of the Manitoba Bar Association’s annual “Law Day” event.

The Commission is a member of the Federation of Law Reform Agencies of Canada (FOLRAC) and the Commonwealth Association of Law Reform Agencies. Commission staff share ideas and learn from the experience of other FOLRAC members through regular teleconferences and symposiums. In recent years, there has been a growing recognition of the importance of independent law reform agencies in Canada. Recently, The Institut Québécois de réforme du droit et de la justice was established in Quebec and the re-established federal Law Commission of Canada announced the appointment of its Commissioners who will commence their terms in June 2023. The Commission welcomes these developments and is always looking for opportunities to collaborate with other Canadian law reform agencies.

Finally, Commission staff serve as the Commission’s representatives on the Access to Justice Stakeholders Committee, created by the Law Society of Manitoba in 2011. Representatives of government, the courts, the practicing bar and legal aid bodies are also included in the Committee. The purpose of the Committee is to share ideas, information and best practices and to coordinate efforts in the area of access to justice.

PART IV

CONCLUSION

The Commission again wishes to express its gratitude to the Manitoba Law Foundation and Manitoba Justice for their continued support.

Thank you also to staff of the University of Manitoba Faculty of Law, Provincial Archives and Legislative libraries, Manitoba Justice and the Manitoba Law Foundation for their continued assistance over the past year. The Commission also wishes to thank the Minister of Justice and Attorney General, the Hon. Kelvin Goertzen.

Lastly, the Commission wishes to thank each Manitoban who has proposed a project, attended a presentation, engaged in a consultation process, or provided feedback on a Commission report. Beneficial and impactful law reform is possible when everyone participates.

This is a report pursuant to Section 15 of *The Law Reform Commission Act*, CCSM L95, dated this 31st day of March 2023.
