PART I

INTRODUCTION

Through 2008-2009, the Manitoba Law Reform Commission continued to strive for improvement of the laws in Manitoba. After a year of consolidation and renewal, the Commission issued six reports in 2008-2009.

The Commission notes with regret the death of our former President, Professor Cliff Edwards, C.M., O.M., Q.C. on July 5, 2008. Professor Edwards served as President of the Commission from 1979 to 2006 and was a driving force for legal education and law reform in Manitoba for decades.

Professor Edwards was born in India and educated in England. In the early years of his career, he practised as a solicitor in London, served as a legal advisor to missions in Nigeria and taught law at Kumasi College, Ghana. In 1958 he joined the Manitoba Law School, becoming Dean in 1964, and led the creation of the University of Manitoba Faculty of Law and the current LL.B. program. Among many achievements, he received the University of Manitoba Stanton Award for excellence in teaching.

Professor Edwards also served as president of the Canadian Association of Law Teachers, Chair of the Council of Canadian Law Deans, a member of the University of Manitoba Board of Governors, a member of the executive committee of the Commonwealth Legal Education Association, a Manitoba representative on the Canadian Uniform Law Commission and a director of the Federation of Law Reform Agencies of Canada. He was named Dean-Emeritus of the Faculty of Law and appointed to the Order of Canada, the Order of Manitoba and Queen's Counsel.

During Professor Edwards' time with the Commission, the Commission submitted over 70 formal reports and several informal reports to the Minister of Justice and Attorney General. More than 80 per cent of these reports were implemented. Professor Edwards was dedicated to law reform, and without his enthusiasm and commitment, the Commission would likely not have survived through difficult times. We are grateful to have had the benefit of his counsel and leadership.

PART II

THE YEAR IN REVIEW April 1, 2008 to March 31, 2009

1. REPORTS ISSUED

The full text and executive summaries of all reports can be found on our website at <http://www.gov.mb.ca/justice/mlrc/>.

A. #115 - Mandatory Arbitration Clauses and Consumer Class Proceedings (April 2008)

This report examines mandatory arbitration clauses in consumer contracts that purport to bar consumers from commencing court actions, including class proceedings. When mandatory arbitration clauses are imposed upon consumers, tension arises among class proceedings, arbitration and choice of forum for dispute resolution. This report reviews the impact and judicial consideration of mandatory arbitration clauses in Canada, and examines whether two recent decisions from the Supreme Court of Canada have provided clarity or resolution to this issue. This report further reviews the statutory regime in Manitoba regarding class proceedings, arbitration and consumer protection, and compares it with regimes in other jurisdictions in order to assess whether legislative reform is necessary to ensure that consumers in Manitoba are provided with adequate protection.

The Commission takes the position that legislative intervention is necessary to ensure that Manitoba consumers retain access to their choice of court proceedings, including class proceedings. The Commission also recommends that concurrent statutory amendments should be enacted to *The Consumer Protection Act* and *The Business Practices Act* to stipulate that a mandatory arbitration clause in a consumer agreement is invalid or prohibited. The Commission further recommends that statutory amendments should be enacted which stipulate that a consumer may commence or become a member of a class proceeding despite any consumer clause or agreement to the contrary. Finally, the Commission recommends that recent statutory reforms to the Ontario *Consumer Protection Act* regarding the invalidation of mandatory arbitration in consumer agreements form the model for similar reforms to consumer protection legislation in Manitoba.

The Commission thanks Professor Philip Osborne of the University of Manitoba, Faculty of Law, who suggested this subject as a matter for consideration by the Commission.

B. #116 - Franchise Law (May 2008)

The franchise business model represents a significant portion of the Canadian economy. Franchising may provide a franchisee the opportunity to enter the marketplace with an established business system, and it allows a franchisor to expand its business with reduced capital investment. However, the bargaining power of the parties is often dramatically unequal; the franchisor generally exercises control over the terms of the franchise agreement and over the operation of the franchise throughout the franchise relationship.

The report on *Franchise Law* considers whether legislation to regulate franchising should be enacted in Manitoba. Four provinces have enacted new or revised legislation to regulate franchising in recent years, and in the Commission's view, the lack of regulation in Manitoba places prospective franchisees at a significant disadvantage in comparison to these provinces. The Commission recommends the enactment of franchise legislation in Manitoba, and makes 58 further recommendations that Commissioners believe will protect the interests of franchisees and enable them to make more informed business decisions, while recognizing the commercial interests of franchisors.

The Commission strongly supports thorough pre-sale disclosure to prospective franchisees, and makes several recommendations to ensure that full information is provided about the franchise system before the purchase of a franchise. In addition, the Commission makes recommendations for legislative provisions to ensure a level of protection for franchisees throughout the franchise relationship. The Commission also recommends that the Manitoba Government conduct public awareness initiatives with respect to franchising, and that it circulate draft regulations for consultation.

The Commission thanks A.L. Weinberg, Q.C., of Myers Weinberg LLP in Winnipeg, Manitoba, who suggested that the reform of franchise law would be a useful topic for review, and who provided the Commission with submissions, case examples and reference material. As well, Ian McNaught, a law student at the University of Manitoba in 2006, assisted the Commission in the preparation of the Commission's consultation paper, issued in May, 2007. The Commission also extends its appreciation to those who responded to the consultation paper, who included franchisees, franchisors, associations and practitioners in the area of franchise law, both within and outside of Manitoba.

Finally, the Commission thanks Professor Bryan Schwartz, Asper Chair in International Business and Trade Law, University of Manitoba, John Pozios, Director, Marcel A. Desautels Centre for Private Enterprise and the Law, and Leandro Zylberman, a law student at the University of Manitoba in 2007-08, who organized and hosted the 2008 Franchise Law Symposium in March, 2008, in response to the Commission's consultation paper. The comments and recommendations made at the symposium were of assistance to the Commission in the preparation of the final report.

C. Western Canada Law Reform Agencies – Enduring Powers of Attorney: Areas for Reform (July 2008)

The Manitoba Law Reform Commission is a member of the Western Canada Law Reform Agencies (WCLRA), a consortium of law reform agencies formed to encourage harmonization of the laws of the four western provinces. The other members of the WCLRA are the Alberta Law Reform Institute, the British Columbia Law Institute and the Law Reform Commission of Saskatchewan. WCLRA members have agreed to work on joint law reform projects in areas where uniformity may be beneficial.

The first project undertaken by the WCLRA addresses the law governing enduring and springing powers of attorney (EPAs). Many people rely on an EPA to authorize an attorney to handle their financial affairs should they become mentally incapable. In its report *Enduring Powers of Attorney: Areas for Reform*, the WCLRA recommends improvements in the EPA statutes of all four western provinces to address common issues. The report recognizes that EPAs are useful planning tools for many Canadians, and that reform initiatives must minimize their complexity and cost. The recommendations are designed to make it easier to use EPAs in cross-border situations, to promote wider understanding and knowledge of attorney duties, and to provide some additional safeguards against attorney misuse of an EPA.

The WCLRA recommends that the western provinces implement standard formal requirements for making EPAs, changes to promote the recognition of EPAs made in other provinces and a standard form EPA, for those who wish to use it. The report also recommends that each province adopt and publicize a uniform statutory list of attorney duties, to minimize the risk that an attorney will misuse the power of an EPA, through ignorance or otherwise. To safeguard against misuse, the WCLRA makes recommendations to require an attorney to give notice to specified people when he or she begins to act under an EPA and to allow public officials to undertake investigations of suspected EPA misuse.

D. #117 – Enduring Powers of Attorney: Supplementary Report (September 2008)

The WCLRA report *Enduring Powers of Attorney: Areas for Reform* was not intended to deal with all aspects of enduring and springing powers of attorney (EPAs) legislation in all four western provinces. Statutory differences will remain, and the four law reform agencies are free to examine additional matters within their respective jurisdictions that may require reform. The Manitoba Law Reform Commission considered that the publication of the WCLRA report provided a timely opportunity to examine additional EPA issues in Manitoba. In its report *Enduring Powers of Attorney: Supplementary Report*, the Commission provides an overview of the impact of the WCLRA report on *The Powers of Attorney Act* and makes additional recommendations for reform of the Act.

The Commission makes recommendations to clarify aspects of *The Powers of Attorney Act*, and to ensure that donors' interests are protected. The Commission recommends amendments to clarify the formal requirements for an EPA, to address attorney qualifications and the circumstances

that will terminate an attorney's authority, and to require an attorney to register notice on the title to the donor's land that the attorney has become solely responsible for decision making regarding the land under an EPA. The duty of an attorney in the existing Act to act on behalf of the donor once the attorney has accepted his or her appointment under an EPA should continue in place.

Amendments are also recommended to update *The Wills Act*, *The Real Property Act* and *The Homesteads Act*. Finally, the Commission recommends that a legislative review be conducted to ensure that Manitoba statutes include the appropriate references to an attorney acting under an EPA.

The Commission thanks Richard Wilson, Registrar General and Chief Operating Officer of the Manitoba Property Registry (retired) for his assistance respecting the registration of an EPA notice on the title to a donor's land.

E. #118 - Posthumously Conceived Children: Intestate Succession and Dependants Relief; *The Intestate Succession Act*: Sections 1(3), 6(1), 4(5), 4(6) and 5 (November 2008)

The Commission's report on *Posthumously Conceived Children: Intestate Succession and Dependants Relief* considers three matters respecting intestate succession: two are amendments to existing sections of *The Intestate Succession Act*, and the third is the question whether posthumously conceived children should be eligible to inherit from and through a deceased parent who dies intestate or to receive dependants relief.

Nowadays, conception can occur through assisted reproduction technologies after the death of at least one biological parent by using cryopreserved gametic material. Sooner or later, such a posthumously conceived child will emerge who would be entitled to participate in an intestacy or make application for dependants relief, but for the silence of the Acts. The Commission recommends that *The Intestate Succession Act* and *The Dependants Relief Act* be amended to include posthumously conceived children in order to remedy the current discrimination and to avoid costly litigation.

The Commission recommends that *The Intestate Succession Act* be amended to require of survivors conceived before and born after the death of an intestate and of posthumously conceived children, the 15 day survival which is required of other survivors of the intestate. The Commission also recommends an amendment to provide for an equal sharing on an intestacy by maternal and paternal cousins of equal degree of kinship.

F. #119 - Private International Law (January 2009)

This report deals with two matters arising out of the Supreme Court of Canada decision in *Tolofson v. Jensen; Lucas v. Gagnon*, namely choice of law for tort and the characterization of limitation periods, and with jurisdiction simpliciter and the concept of real and substantial connection pertaining thereto.

In *Tolofson*, it was held that, in a tort action, the court must apply the law of country of the wrong in respect of the substantive issues. The Commission recommends the enactment of legislation to codify the *Tolofson* general rule, with greater specificity, and to empower Manitoba courts to apply a different law in exceptional circumstances.

The Supreme Court of Canada also held in *Tolofson* that limitation periods are substantive, rather than procedural. The Commission recommends that *The Limitation of Actions Act* be amended to codify this principle.

Finally, the report deals with the establishment of the jurisdiction of the Court of Queen's Bench in cases where a defendant has been served with a statement of claim outside of Manitoba. Currently, the case law is in a state of uncertainty. The Commission recommends that Manitoba follow several provinces that have enacted the model legislation proposed by the Uniform Law Conference of Canada entitled the *Uniform Court Jurisdiction and Transfer Proceedings Act*.

The Commission thanks Professor Vaughan Black, Faculty of Law, Dalhousie University, Professor Stephen Pitel, Faculty of Law, University of Western Ontario, and John Swan, Aird & Berlis, Toronto, for commenting upon a draft of the report. The Commission thanks Professor Emeritus Raymond Brown, Faculty of Law, University of Windsor, Professor Lewis Klar, Faculty of Law, University of Alberta, Professor Charles Mitchell, School of Law, King's College, London, Andrew Dickinson, Clifford Chance, London, James Lee, Birmingham Law School, and Phil Lister, Philip G. Lister Professional Corporation, Edmonton for their assistance with our deliberations respecting an exemption for the tort of defamation.

2. IMPLEMENTATION

We continue to urge the Minister of Justice to implement the outstanding recommendations of the Commission. In addition to our most recent reports, areas of particular concern to the Commission are the recommendations relating to: *Enduring Powers of Attorney: Supplementary Report* (Report #117, 2008), *Wills and Succession Legislation* (Report #108, 2003), *Compensation for Vaccine-Damaged Children* (Report #104, 2000), *Informal Assessment of Competence* (Report #102, 1999), *Trustee Investments: The Modern Portfolio Theory* (Report #101, 1999) and *Confidentiality of Mediation Proceedings* (Report #94, 1996).

3. CURRENT PROJECTS

A. Waivers of Liability for Sporting and Recreational Injuries

The Commission is considering the use of waivers of liability by the providers of sporting and recreational activities. Contractual waivers are usually required for consumers to participate in a wide variety of activities and generally are designed to negate the civil liability of providers of sporting and recreational activities for the personal injuries or death of consumers.

This report will provide an overview of civil liability for providers of sporting and recreational activities for the personal injuries or death of consumers arising under three regimes of legal responsibility: *The Occupiers' Liability Act*, the tort of negligence and the law of contract. This report will review Canadian case law on personal injury and fatality claims involving contractual waivers of liability and will consider the approach in other jurisdictions in respect of the use of waivers of liability.

The Commission issued a consultation paper and has carefully considered the feedback. The final report is expected to be released in May 2009.

B. *The Limitation of Actions Act*

Manitoba's *Limitations of Actions Act* was enacted in 1931, and although amended in 1967, 1980 and 2002, is based on the same principles as the original English limitations legislation, much of which dates back to the 17th century. In recent years several Canadian jurisdictions have enacted, and the Uniform Law Conference has proposed, legislation that simplifies and rationalizes the law of limitations.

The Commission is currently considering recommendations as to whether and how Manitoba should modernize its legislation, including reform in relation to both personal and real property limitations, and expects to release a consultation report in June, 2009.

C. Improving Administrative Justice in Manitoba: Starting with the Appointments Process

Manitoba has approximately 160 administrative agencies, boards and commissions that operate outside the government departmental structure. The government relies on administrative agencies, boards and commissions to regulate, adjudicate, give advice, administer substantial financial and other assets and provide goods and services. About 1500 are appointed by the government to these boards as full or part time decision makers.

The Commission is examining the elements of the formal and informal mechanisms for appointments to administrative agencies, boards and commissions and considering recommendations for a new appointments process for Manitoba.

D. Pension Benefits and Marital Breakdown

The Commission is carrying out research with respect to the division of pension benefits on marital breakdown. The economic disadvantage resulting from the loss of survivor's benefits by a divorced spouse was raised with the Commission, and the Commission is also considering broader questions of the division of benefits generally. Currently in Manitoba, *The Pension Benefits Act* requires the use of the Immediate Settlement Method for the division of pension benefits in a defined benefit plan, which requires that the commuted value of the spouse's share in the pension be transferred from the plan immediately, valued as if the member's employment terminated on the date of separation. The Commission is considering whether the use of another method would provide a more equitable result.

E. Review of Defamation Law Respecting Journalism

The Commission had been engaged in a project regarding defamation law respecting journalism, with particular emphasis on publications concerning matters of public interest. Some of the issues under consideration by the Commission included defences available to the communications media for the tort of defamation and whether law reform is required in Manitoba. During the consultation phase of this project, the Ontario Court of Appeal released the decision of *Cusson v. Quon* which recognized a "public interest responsible journalism" defence where certain standards of responsible journalism have been observed. An appeal of this case was heard by the Supreme Court of Canada on February 17, 2009 and judgment was reserved.

The Commission is awaiting the Supreme Court of Canada decision in *Cusson v. Quon*, after which, depending upon the decision, the Commission will publish either a formal or informal report.

4. POTENTIAL PROJECTS

The Commission has reviewed the law reform projects that had been deferred in previous years along with a number of suggestions for new projects, and has created the following list of projects in no particular order:

- Prenatal liability
- Compensation for loss of dower rights
- *The Nuisance Act*
- *The Occupiers' Liability Act*
- *The Tortfeasors and Contributory Negligence Act*
- Contiguous lands: natural and other encroachments
- *The Trustee Act*
- Enforcement of judgments
- Obsolete statutes
- Service of documents
- Doctrine of *caveat emptor* in residential real estate¹
- Parol evidence rules

The Commission welcomes comments and suggestions with respect to these subject areas, as well as in relation to other projects that may be appropriate for review.

¹ The Commission is aware that John Neufeld, Q.C. is preparing a report for the Government of Manitoba on *caveat emptor*; our work on this topic will depend on the outcome of that report.

The Commission thanks Professor Linda Vincent, retired from the Faculty of Law, University of Manitoba, who was retained as our consultant to prepare a draft report on *Posthumously Conceived Children: Intestate Succession and Dependants Relief*. Jonathan Penner, independent researcher, also assisted the Commission again during the past year, preparing a draft report concerning *The Limitations of Actions Act*. The Commission thanks Professor Philip Osborne of the Faculty of Law, University of Manitoba who was retained as our consultant to prepare a draft report on *Waivers of Liability for Sporting and Recreational Injuries* and provided much guidance throughout this project. As well, we thank Mr. James Lee, Lecturer, Birmingham Law School who was consulted to provide legal research respecting the use of waivers of liability in the United Kingdom. We also thank Professor Karen Busby of the University of Manitoba Faculty of Law, who has been retained to prepare a draft report on *Improving Administrative Justice in Manitoba*:

Starting with the Appointments Process. We greatly appreciate our consultants' valuable assistance. We note, however, that the recommendations made in our reports are those of the Commission and do not necessarily reflect the views of our consultants.

4. FINANCE

The Manitoba Law Foundation provides a yearly grant of \$100,000 to the Commission. For the fiscal year 2008-2009 the Commission was again fortunate to receive an additional \$20,000 from the Manitoba Law Foundation, increasing the grant to \$120,000. The Department of Justice continues to provide a combination of in-kind services (\$15,000) and a grant (\$85,000), for a total of \$100,000.

In March, 2008, the Manitoba Law Foundation generously approved the Commission's request of a Special Capital Grant in the amount of \$10,000 to be used for the purchase of office furniture and equipment. The Commission was able to refurbish the offices with much needed ergonomic workstations, boardroom chairs and office equipment.

We wish to thank both the Department of Justice and the Manitoba Law Foundation for their continued support of our work.

5. PUBLIC RELATIONS

Darlene Jonsson, Leah Craven and Debra Floyd participated in the Federation of Law Reform Agencies of Canada Symposium held March 8-10, 2009. Our attendance at the Continuing Improvement in Canadian Law Reform Symposium was funded by a generous contribution from the Alberta Law Reform Institute and the British Columbia Law Institute. The Symposium was hosted by the British Columbia Law Institute at the Inn at Laurel Point, in scenic Victoria, British Columbia. The three day, four session symposium focused on themes surrounding multi-jurisdictional law reform, and the planning, initiation, conduct and implementation of law reform projects. The symposium concluded with a roundtable discussion on the future of law reform in Canada and the goals of the Federation.

Darlene, Leah and Debra found the Symposium very educational, informative, and thought provoking. We are looking forward to the next opportunity to meet with delegates from the Federation of Law Reform Agencies of Canada. The next Symposium should be in 2011 and will be hosted by the Law Commission of Ontario.

Professor Cameron Harvey was asked by the Society of Trust and Estate Practitioners to deliver a presentation on “Status of Power of Attorney Law Reform in Canada” on March 10, 2009. The session reviewed the recommendations of the Commission in our two recent reports, *Enduring Powers of Attorney: Areas for Reform* and *Enduring Powers of Attorney: Supplementary Report*, with respect to amending *The Powers of Attorney Act*, along with the execution and drafting issues that may arise when creating the documents.

On March 24, 2009, Professor Harvey participated on the “The Rutherford Show”, a live radio talk program based in Alberta. Professor Harvey joined the show for a 20 minute, live telephone interview concerning the Commission’s recent report on *Posthumously Conceived Children: Intestate Succession and Dependants Relief*.

The Commission provides a monthly submission on law reform updates throughout Canada for the Manitoba Bar Association, Legal Research Section newsletter, *The Law and Library Monthly*. This electronic publication is circulated to all members of the Manitoba Bar Association Legal Research Section. The Commission also submits regular reports to the Manitoba Bar Association monthly newsletter *Headnotes and Footnotes*.

At the request of the Law Society of Manitoba, the Commission provides a news release of all reports for inclusion in *eLaw*, an electronic subscription available to all members of the Law Society of Manitoba as a professional development and competence tool.

The Commission also contributes project updates to *Reform*, a journal of contemporary law reform issues published by the Australian Law Reform Commission.

Many of the Commission’s reports have been referred to or commented upon in written publications and electronic sources, including *The Lawyer’s Weekly*, *The Globe and Mail*, *The Canadian Press*, *CTV Globe Media* and various law firm and law societies’ websites.

PART IV

CONCLUSION
